P. ramorum and the Landscape Seminar

Now available in DVD format

Phytophthora ramorum cost landscape clients thousands of dollars in 2005! As a result, it is essential that anyone involved in the landscape process understand the impact of this disease on clients. Mismanagement of this issue could affect your working relationship and goodwill.

View the information in your own time, as many times as you want!

Your questions will be answered by *P. ramorum* experts :

- Rob Ormrod, CFIA – regulations & surveys
- Hedy Dyck, BCLNA – industry background
- Bruce McTavish, *P. ramorum* Task Force Chair - biosecurity & risk management
- Nick Varzeliotis, MacKenzie Fujisawa – liability
- Pawel Gradowski, Durante Kreuk – design options

You will have at your disposal:

- A better understanding of this disease and how to protect your company
- Best Management Practices guidelines you can tailor to suit your business
- A written "Limitation of liability" clause to include in your client contracts
- A tool you can use to train your crew

Proud HortEducationBC members:
